Cecil,

Hi. Adding our ORD Exec Lead Andy Gillespie and Princ Dep AA Jennifer Orme-Zavaleta to this email, and the two Agency leads for the Administrator's PFAS initiative Peter Grevatt and Tom Sinks.

The good news is there is a lot of movement forward on PFAS, including the two PFAS you specifically identified.

I recently spoke with Scott Mandirola, Deputy Cabinet Secretary WVDEP, about the Chemours Facility. WVDEP is working on new CWA discharge permits for the Washington Works facility. They would like our assistance in developing limits for PFOS and Gen-X. Region 3 has already had several calls with WVDEP. I would like to arrange a call with OW, ORD, Region 3 and WVDEP to ensure that EPA understands what WVDEP support needs.

If this is okay with you. I will have my assistant work to schedule a call. Please let me know who should be invited.

Thanks. Cecil
